A brief history of The School

There has been a school at Gresford since the early eighteenth century. In 1715 and 1728 money was given to the parish to be used for the education of poor children. A master's house and school buildings were provided adjacent to the Almshouses and to the North of the Church. As the population of the village increased, a new stone school was built on the present site. In 1883 this was extended to give more accommodation for the boys whilst the girls remained at the original school. This building now forms one of our school halls and is named The Bishop Vowler Building after Bishop Vowler who was a previous Bishop of St Asaph who died at Gresford vicarage in 1872.

A further extension to the school became necessary in 1902. This new building in the Victorian red brick style allowed the girls and infants to join the boys on the present site. In 1970 additional classrooms, staff rooms and a hall with a stage were added. The original stone building, the Bishop Vowler building was then used as a separate dining room.

The Governors of All Saints' School, Gresford wish to maintain this long-established tradition of continual development. The school was remodelled in 1992 and extended in 1999. Further extensions have been completed in 2006 and 2010, adding classrooms, storage areas, toilets and other rooms including a library and computer suite along with a refurbished staffroom, medical room and office facilities. Complete classroom refurbishments took place in 2021, and the school is maintained to an exceptionally high standard.

The Cedar Rooms, a double self-contained mobile unit, was purchased by the Governors in 2002 specifically as a base for our Early Education provision and Wrap Around Care.

The school enjoys a secure site, with CCTV installed over the main entrance area. All visitors to the school are required to sign in and in cases where direct contact with pupils takes place, Disclosure and Barring Service checks are made.

Our Values and Mission

At All Saints' School, Gresford, our values of **respect**, **friendship** and **care** are at the fore of everything that we do. They have been developed with our school community, including pupils, staff, parents/carers and Governors.

Our school mission statement of "with respect, friendship and care, we learn here and succeed anywhere" is central to everything that we do. We aim to develop a caring, Christian ethos in which effective teaching and learning enables pupils to achieve their full potential.

Teach me knowledge and good judgment, for I trust your commands.

Psalm 119:66

As a Church in Wales, Voluntary Aided School, the Governing Body and staff endeavour to encourage a caring and Christian ethos in the school. Looked-After Children

Children who are 'Looked After' by the Local Authority are given priority in the Admissions Policy. During their time with us their progress, wellbeing and care will be monitored by the 'Looked After' Children Co-ordinator. This is the Achievement and Inclusion Managers (ALNCo).

Early Education and Nursery Admissions

We are incredibly proud of our Early Years Unit which includes part-time Early Education and nursery provision. Pupils who attend nursery attend either for the morning or afternoon and have the opportunity of wrap around care on site for the part of the day they do not attend school (There is a charge for this additional element of childcare).

Early Education and Nursery Education are not statutory provision and parents have no right of appeal under the Education Act 1996 if they are unsuccessful in gaining a place. Admissions to Early Education and Nursery provision does not guarantee admission to statutory education in the school (Reception upwards).

Transition

Pupils joining our school will visit prior to their formal start to familiarise them with the campus, the staff and their peers. Should a structured transition plan be required, this will be developed in partnership with parents/carers and the Achievement and Inclusion Managers (ALNCo).

Throughout Year 6, pupils will be prepared for the move up to their respective High Schools. Strong links exist between the school and high schools that pupils transfer to and we work hard to help develop confidence and reduce any anxiety around moving to high school.

The school is very well maintained and resourced. All classes are decorated to a high standard and are equipped with a touch screen television. School facilities also include a fully refurbished computer suite, school hall with stage, separate second hall, dedicated library and kitchen area.

A strong emphasis is placed upon Outdoor Learning across the school. The outdoor areas are used as part of an integrated curriculum and therefore seen as an extension of the regular classroom, with structured experiential activities planned. The school is engaged in the Ysgolion-Eco-Schools Scheme to further develop the outdoor offer and environmental responsibility of the school, and has an extensive forest school area.

Our outdoor spaces also include an extensive and dedicated gardening area.

School Curriculum

Curriculum for Wales

The Curriculum for Wales has replaced the current Foundation Phase and Key Stage Two Curricula and is centred on six Areas of Learning and Experience. These include:

- Expressive Arts
- Health and Wellbeing
- Humanities
- Languages, Literacy and Communication
- Mathematics and Numeracy
- Science and Technology

Extensive work has taken place at a school, local, regional and national level to collaborate in preparing for the Curriculum for Wales.

There are three cross-curricular responsibilities of Literacy, Numeracy and Digital Competence which are embedded across all Areas of Learning and Experience.

The school actively works with stakeholders, the Regional School Improvement Service, Diocesan Education Service and the Local Authority to plan and implement the Curriculum for Wales.

Further information on the curriculum and teaching methods can be found on our website.

Bilingualism

As a school in Wales, we promote and aim to develop the Welsh language wherever possible. We are actively engaged in the Cymraeg Campus Scheme to develop bilingualism and also to contribute to the Welsh Government's Cymraeg 2050 million Welsh speakers target. All pupils are taught Welsh in both Welsh lessons and also as part of everyday life in school.

Religious Education

As a Church in Wales, Voluntary Aided School, there is a focus on promoting the Christian ethos and values across the curriculum in addition to Religious Education Lessons. Pupils will also have the opportunity to learn about the other major religions, their practices and customs. We follow the Church in Wales Agreed Syllabus for Religious Education, which meets the religion, values and ethics requirements of the Curriculum for Wales. Parents/Carers who wish to withdraw their children from Religious Education lessons should inform the Headteacher in writing. The Curriculum Manager is actively involved in a working group to develop RE within the Curriculum for Wales.

Collective Worship

Collective Worship takes place in school daily. We regularly welcome our Vicar to school to lead acts of worship and also attend All Saints' Church regularly for Collective Worship. We also celebrate the main Christian Festivals at All Saints' Church. Parents/Carers who wish to withdraw their children from Collective Worship should inform the Headteacher in writing.

Relationships and Sexuality Education

Relationships and Sexuality Education is a mandatory element of the Curriculum for Wales and is approached with sensitivity and care. Our policy has been developed by teachers and members of the Governing Body and aims to implement an age appropriate approach. Parents/Carers who have any concerns are welcome to arrange a meeting –in confidence– with the class teacher to discuss these concerns and see the teaching and learning materials that are used in the sessions. Parents and carers may request a copy of our Relationships and Sexuality Education Policy from the school office or find a copy on the school website.

Homework

The School's aims in setting homework are to support and extend pupil's learning by practising and consolidating skills and knowledge, encouraging independent working and promoting good study habits.

Children are encouraged to read as widely as possible at home and the cooperation of parents in supporting our reading programme is enlisted, not only in the early stages but throughout the child's school career.

In Key Stage 2, teachers will regularly set homework in support of the English and Mathematics curriculum. The child and parents are encouraged to make this a set time and to ensure that there is a quiet place where this work can be done.

Assessment and Inclusion

Assessment

Formative (ongoing) Assessment is used continually to help plan relevant and meaningful learning activities for the pupils. Periodically, –usually termly– the school will use Summative (short tests) Assessment tools to monitor progress and provide benchmarks on pupil progress.

Additional Learning Needs and Achievement

We are proud to be an inclusive school that values our differences and aims to ensure that every pupil has the support and opportunities to realise and meet their potential. The Achievement and Inclusion Managers (ALNCo) implement the school Additional Learning Needs Policy (available from the school office or website). Their work entails:

- Reviewing the progress of pupils and identifying those who would benefit from additional support as part of the ‘Universal Offer’ of the school.
- Working to develop ‘Person Centred Practice’ to ensure that the pupil is at the heart of planning any additional support they may require.
- Coordinating the work of Teaching Assistants who provide additional interventions to individuals and groups and monitoring the effectiveness of these.
- Planning Annual Reviews for pupils who have Statements of Special Educational Needs/Individual Development Plans and working with colleagues in the Inclusion Service to seek further guidance and assessment where required. (Educational Psychology Service, Inclusion Services, etc.)
- Quality Assurance of Individual Development Plans and ensuring that these focus on person-centred outcomes.

We value the diversity of all members of our school community and actively seek to provide the best for all pupils; through a person-centred approach.

The support for Additional Learning Needs in Wales is changing as the Additional Learning Needs and Educational Tribunal Act is implemented from September 2020. These changes aim to ensure a person centred-approach and stronger emphasis on multi-agency working. Further information is available from the school Additional Learning Needs and Achievement coordinator.

School Procedures

Home School Agreement

A Home School Agreement has been developed to show expectations of the school, parents/carers and pupils as they move through All Saints' School. This agreement is reviewed annually and parents/carers and pupils' views are sought when reviewing this.

School Meals

School Meals are cooked on the premises and we are fortunate in having a large dining room adjacent to the kitchen. They have a variety of meals to choose from each day, and we use ParentPay to order and pay for school meals.

Children are also allowed to bring a packed lunch. The children are supervised during the lunch hour by our senior mid-day Supervisor and a number of dining room assistants. If you think your child might be entitled to a free school meal, please contact:

Wrexham Contact

From September 2022, all Reception pupils are eligible for Free School Meals. This is planned to be expanded to Year 1 and 2 by April 2023 and all statutory age (Reception – Year 6) primary school pupils by September 2023.

Reporting to Parents/Carers

A 'Parents' Evening' is held in the Autumn Term for all classes when parents are invited into school to receive information about school life.

Parents' evenings are also held during the Spring Term when parents are invited to discuss their child's work and progress with the teacher. A formal report of your child's overall progress is sent to you at the end of each school year with opportunity to attend a third Parents' Evening to discuss this. Parents are welcome to request a meeting with their child's class teacher at any time during the school year through contacting the school office.

Pupil Wellbeing

Attendance and Punctuality

The school has high expectations regarding both attendance and punctuality, both of which are critical to success in school. If your child is absent, we ask that you contact the school office at the soonest opportunity to inform us. We follow the Local Authority Attendance Policy, which is available on request from the school office.

The school has an attendance target of 96% during the 2022/23 academic year and attendance during this year is 96% with 4% absences, not including coronavirus related absences.

Equal Opportunities

At All Saints' School, we believe that every pupil is entitled to develop their skills and talents and that no pupil should be disadvantaged. The school is fully compliant with the Equalities Act (2010).

All children regardless of race, gender or sexuality will be treated with the same degree of care and attention. All pupils will have the same rights of access to age appropriate activities in all aspects of school life. Governors are updated termly on any incidents of racial abuse or bullying and equal opportunities in practice are integral to the school's ongoing self-evaluation procedures, these are also reported to the Local Authority as requested.

At All Saints' School, we have a commitment that, wherever possible, children with physical disabilities will be educated in their local primary school. If required, adaptations to the building will be considered by the school and the Local Authority to enable a child to attend our school.

Sport and Extra-Curricular Activities

The school enjoys a very wide range of sporting and extra-curricular activities. These take place after school and also during some dinner times. Examples of clubs include Football Club, Netball Club, Choir, Healthy Grub Club, Science Club, Drama Club and Eco Club. The types of club offered may change throughout the year depending on weather, staff availability and the interests of pupils.

Health, Safety and Medication

Teachers and non-teaching staff attend First Aid Courses to update their First Aid skills. First Aid materials are available at designated points around the school. Staff are vigilant to child injuries and record them systematically.

Parents/carers are notified should their child received First Aid whilst under the care of the school. The school also records incidents of a serious nature on the Local Authority reporting system.

At times of concern, parents/carers are contacted immediately. It is therefore imperative that parents provide up-to-date telephone contact numbers for home or place of work, plus an additional emergency contact number of a close relative. Parents/carers are asked to confirm or update their contact numbers at the start of every academic year.

Should your child require medication during the school day, a consent form must be completed, which is found in the Managing Healthcare Needs Policy, available on request from the school, or on the school website.

School Policies

Complaints Procedure

Should parents/carers have any reason to complain about any aspects of school then the school complaints procedure is available from the school office as well as on the school website.

We do hope, however, that any problems can be resolved by following the below process:

Safeguarding & Child Protection

The School follows the All Wales Child Protection Procedures 2008. The following points are very important:

- The welfare of your child is paramount.
- We will make every effort to ensure that children without exception have the right to protection from abuse regardless of gender, ethnicity, disability, sexuality or beliefs.
- All concerns, and allegations of abuse will be taken seriously by staff and everyone associated with All Saints' school and responded to appropriately – this may require a referral to children's services and in emergencies, the Police.

- We will refer to all associated policies and procedures which promote children's safety and welfare e.g. with regards to health and safety, anti-bullying, protection of children online and photographs.

The Headteacher is the Designated Safeguarding Lead Officer. In his absence, the Deputy Headteacher is the Deputy Designated Safeguarding Lead Officer. Should you require further information, the Child Protection and Safeguarding Policies are available from the school office, or on the school website.

Charging and Remissions Policy

In accordance with the Education Act 1988, the Governing Body has a duty to develop and publish a Charging and Remission Policy for the school. This document is available from the school office. Parents/carers are asked to make a voluntary contribution towards the cost of transport to swimming lessons.
