Plan

Create

Reflect

- *Discovering who the artist is.*
- *Finding out what type of artist they are.*
- *Learning about what inspires them and why they do what they do...*
- *Opportunity to share the artists work with them.*

- *Responding to their art by commenting if they like their style of music or artwork and discussing their feelings with it.*
- *Discussing feelings linking to the piece of art.*

- *Having a go at imitating their artwork.*
- *Trying out some of the techniques the artist may have used.*

- *Planning their work in detail.*
- *Helps having a starting point.*
- *Children can see what elements they may use off the artist and what they will include of their own idea.*

- *Allowing them freedom on what they want to add to their artwork, let them add a twist if they want to.*
- *Letting their imagination take them and being able to see if their final piece is what they had planned.*

- *Building in time to look back on their art is helping them to become a reflective learner.*
- *Think about what went well and even better ifs.*

Creative Process - John Dyer

Create

Reflect

Learn about who John Dyer is.

Share why we have decided to focus on him.

Share a range of his work. Discuss features such as emotions, colour, texture, pattern.

Children to create a fact file about John Dyer.

Children responded to his artwork by stating if they liked them or if they didn't like them and why.

They also wrote a comment on his work on his fact file.

The children have followed along with his live painting sessions and had the opportunity to use the material he uses.

Have half of the image to try and replicate including the detail.

Children will use his images to inspire them.

They planned which one they want to use as a base. The children will state what they will borrow and be inspired by (This may be the colours, the trees or the animals).

They then discussed and wrote what they have changed.

*Children completed their sketches and used the materials they have planned to use.
(Pencil, felt tips, pastels).*

Children reflected on their creations and shared them with their table to see others work. Then shared what they liked about their peers creations.

Children wrote 2 stars of what they like about their own and an even better if to show how they can move their creations forward next time.

Red,

♥ A fantastic fact file, you have remembered
lots Isabelle!

LI: Can I create a fact file about John Dyer? ✓✓

He deliberately moved
away from the coast to
experience a different
way of life, however his
corpsish roots soon pulled
him back. John now
lives in Falmouth.

His Pictures are
beautiful and all
about the Ainfreeses!

He paints
beautiful pictures!

John
Dyer

My questions?

• Why did you want to be an artist? ✓

what is your
Favorite painting?

What is your
child hood memories

I love your
Pictures they are
Lovely and colourful!!

Plan

I am inspired by the three orangutan because in the sky there is swans and storks. ✓

I will magpie the swans and storks. ✓

I will change the trees and the animal. ✓

over the sea for 2024 I can create a drawing inspired by Thor Dyer ✓✓

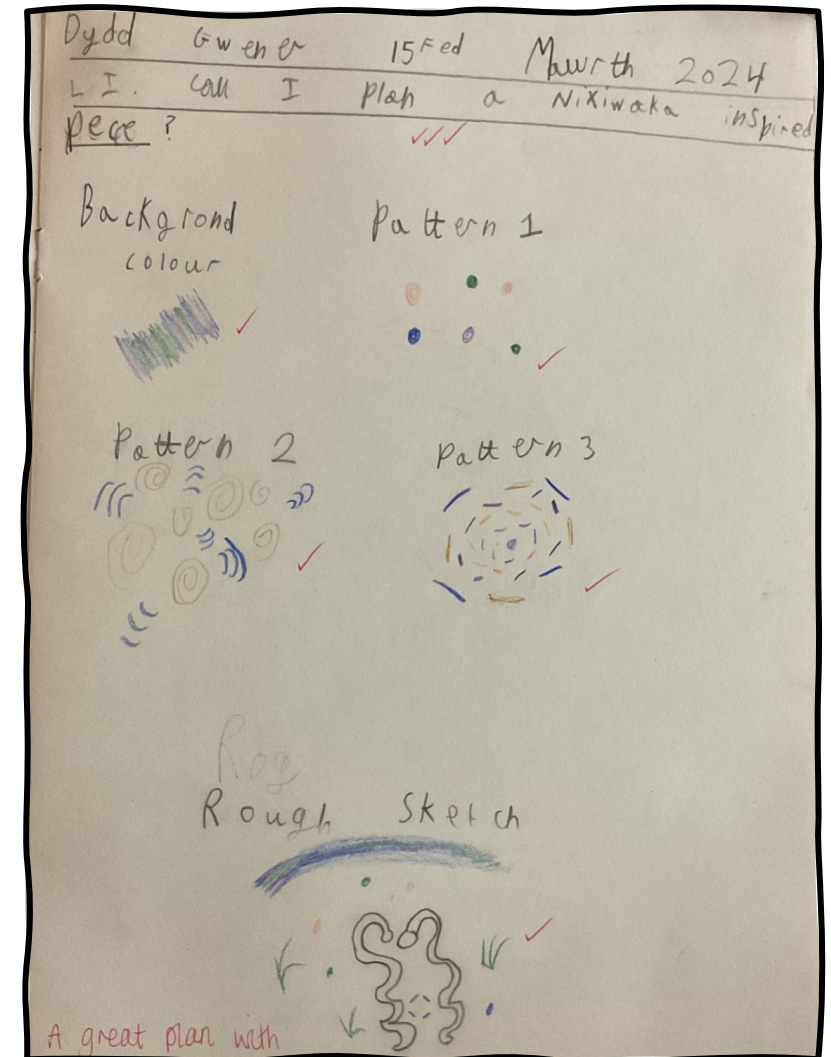

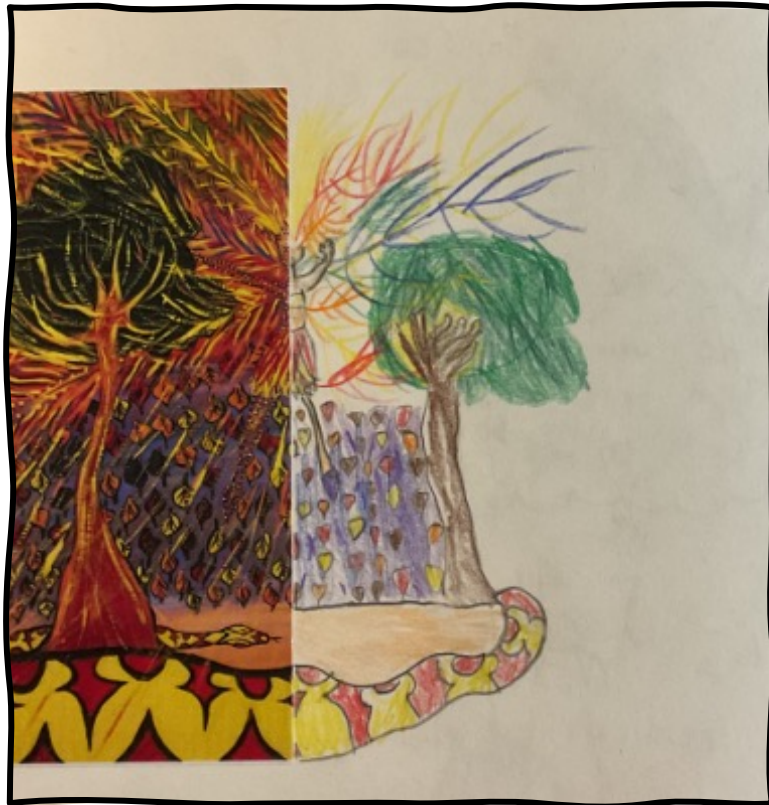

I am inspired by the sea, the lake, monkey. ✓

because the sea it's just so nice and it has lots of detail the lake as well it has got detail and the colour now and best until last the monkey and once more again it's just like the others but this ~~things~~ I just can not explain it!!! just now. ✓

I will magpie the paint the sun, the monkey, lake so I am magpieing them. ✓

I will change the plants and just some trees. ✓

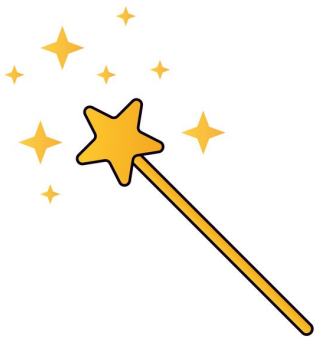

Practice

Create

Reflect

I like my Sun set and my animals and next time im gonna change to pens.

I enjoyed completing a picture by thondyer because I love that he uses load of bright and colors full colors! ☺

And an even better if I could add more detail to the back ground.

Ideas of reflecting on work:

- 2 stars and an even better if
 - Peer review
- Voice record their reflection
- Responding to their work how they responded to the artists attempt, so they see themselves as the artist now.
