Dear parents and carers,

The weather upon our return to Manchester this morning was certainly a change from the warmth of Singapore! It was lovely to get back to school today to catch up with colleagues, pupils and to see the **Children in Need** activities in full flow! I am immensely proud of our second cohort to visit Singapore, their attitude, engagement and behaviour were exemplary throughout the visit and were excellent representatives of our school and community. I would like to thank everyone who made the visit possible, both those who attended and those who remained in school keeping everything moving along well. We are already busy preparing to share further details of our visit to Scandinavia in early 2026! As a school, we take great pride in our **Home School Agreement** and ensuring that these documents are living and working documents. Thank you to those who have signed and returned these to school for the current year, if you have not yet done so, please do send them back in as soon as possible. We are already working with our School Council to refine and develop this agreement further ready for September 2026.

With the weather changing for the wetter, could we politely remind you of the importance of sending pupils to school in appropriate clothing, and with all **items of clothing named**. This makes matching missing items of clothing back to owners far easier for us all. Thank you for your continued support and I hope you have a restful weekend.

Diolch, Mr Hatwood

Blwyddyn 1&2 - Science & Technology

In Science and Technology, pupils have been weather watchers this week! They have made their own rain gauges, made predictions, and have measured how much rain has fallen. We are excited to see how pupils' observations and data collection continues over the coming weeks!

My Child at School (MCAS)

Thank you for your support in getting logged into the MCAS app. This system is vital for us to ensure we have the most up to date information about our pupils. Could we ask for you to log in to check that contact details, addresses and medical needs are all correct and up to date. If these are not, you can request amendments through the app which we will then approve at school.

We are aware of a handful of cases who have not been able to log in yet. We have raised this with the provider and have requested a resolution. We will provide a further update once we receive it.
