

### leithoedd, Llythrennedd a Chyfathrebu / Languages, Literacy and Communication

Using Eryri (Snowdonia) as the focus, pupils will be writing tourism information leaflets in both English and Welsh to persuade people to visit Eryri. Pupils will then have an opportunity to present their leaflets digitally. Pupils will be given the chance to read Trip Advisor reviews of tourist attractions they have visited in North Wales and will discuss the bias / views presented in the reviews, prior to writing their own from a given perspective. Finally, the pupils will write a balanced argument to answer the question, 'Should tourism be allowed in Eryri?'

### Iechyd a Lles / Health and Well-being

Pupils will understand the factors that affect physical health and well-being: physical activity, balanced diet, care and hygiene, sleep and protection from infection. In PE pupils will develop their understanding of communication skills when working as part of a team to solve problems. They will also understand that all roles within a team have an equal importance.

### Cymraeg / Welsh

The pupils will be learning about Welsh carnivals with a focus on the Eisteddfod. They will be able to express their opinions on food, clothing and hobbies and use past, present and future tense. Through Helpwr Heddiw sessions there will be a push on asking and answering questions in class and around the school in Welsh.

### Mathemateg a Rhifedd / Mathematics and Numeracy

This term the pupils will recap their understanding of place value and the four operations. They will develop their understanding of data collection: planning, conducting and evaluating a real-life survey based on tourism in Eryri. The pupils will be given the opportunity to read maps of the local area and use compass directions and grid references to specify locations. We will be using scale to create representation of various North Wales landmarks. During the term, we will be holding an Enterprising / My Money Week.

All classes will continue to use TT Rockstars to help improve their rapid recall of multiplication and division facts.

### Gwyddoniaeth a Thechnoleg / Science and Technology

During this term, the pupils will focus on how animals survive and adapt to their habitat. We will be learning about the survival of the fittest and food chains within different habitats. The pupils will learn about biomes and how living things within the biome are dependent upon each other. The pupils will be taking part in an 'Exploring Landscapes' Technocamps workshop where they focus on flora and fauna within different environments.

### Addysg Grefyddol / Religious Education

RE work will focus on the Natural World and Living Things. We will reflect on locations in the local area that have special meanings for different people. Through enquiry, pupils will explore the different religious creation stories.

### Y Celfyddydau Mynegiannol / Expressive Arts

The pupils will research Eryri and use their findings to represent the landscape and wildlife in a 3D triarama. They will be using their Maths skills to create a scale model of a specific feature of Eryri. In music, the pupils will work on composing a piece to accompany their digital tourism leaflets.

Blwyddyn 5 / 6  
Parciau Cenedlaethol  
National Parks

### Y Dyniaethau / Humanities

The area of study is 'National Parks'. Pupils will be studying the physical and human features of Eryri and making comparisons between urban and rural locations. They will undertake a geographical enquiry and use their findings to make recommendations for tourism. Pupils will then select a national park from around the world and compare and contrast the features and tourism with the of Eryri.
