- Yellow To know all subtraction facts to 10 ($10 - 6 = 4$)
- Red To know all addition facts to 20 ($15 + 5 = 20$)

Tables Awards

- Blue Say the multiplication table in order without long pauses
- Yellow Give the answer (product) of two multiplied numbers not in the order of the table eg. "five times two is..."
- Red Say the two numbers (factors) which multiply together when given the answer (product) eg. "thirty is three times ten" or answer questions such as "how many tens in thirty?"

Product = the answer to a multiplication $6 \times 5 = \underline{30}$
